DAY 1

WELCOME REMARKS BY THE GENERAL SPONSOR AND THE SPONSOR PARTNER

Session 1

9:30 – 11:00

Lubricant Markets and Worldwide Trends

Maxim Donde, General Director, (MBA), **LLK-International**

- LUKOIL Lubricants Production Events – 2006. Trends and Growth Prospects

Dr. Georg Lingg, Member of the Executive Board, **Fuchs Petrolub AG**

- High Tech Lubricants for a World in Transition

Dr. Tamara Kandelaki, General Director, **InfoTEK-Consult**

- Russian Lubricants Market

Dr Shaun Kennedy, Vice President for Research and Technology, **Infineum**

- The Changing World of Lubricants, Fuels and Additives

Geeta Agashe, Director, Petroleum & Energy, (MBA), **Kline Group**

- Global Lubricant Basestocks Market

COFFEE BREAK

11:00 – 11:30

Session 2

11:30 – 13:00

Lubricant Specifications, Requirements, Standards & Approvals

Dr. Boris Bunakov, Chairman of the Committee on Fuels and Lubricants, **Association of Automobile Engineers**

- Engine oils for automotive engineering. Operating requirements. Car manufacturers' classification and approvals system for oils

Klaus Daniel, Technical Manager, **APL**

- Rapid oil Consumption Measurements. A New Instrument for Optimization of Lube Oil Formulation and Reduction of Oil Related Emissions.

Dr. Christoph Wincierz, OEM Liaison Manager, **Evonik RohMax Additives GmbH**

- Contribution of Lubricants to Energy Efficient Machine Design

SPECIAL PAPER

Prof. Boris Tonkonogov, Dean of the Faculty of Chemical Technology & Ecology, (PhD), Deputy Head of the Faculty of Chemistry and Technology of Lubricants and Chemmotology, **Gubkin State Oil&Gas University**

- Lubricant professionals' training in Gubkin State Oil&Gas University

LUNCH

13:00 – 14:00

Session 3

14:00 – 15:30

Automotive Lubricants

Prof. Thomas Norrby, Manager R&D, (PhD), **Statoil**

- Cold Climate Lubrication- the Swedish Experience

Tim Hutchings, Deployment Technologist, **Infineum**

- In-Service Low Temperature Pumpability: The Benefits of Amorphous Polymer Viscosity Modifiers in Modern and Emerging Crankcase Lubricants

Manfred Hofer, Adhesion and Tribosystems Manager, **Magna Powertrain**

- Lubricants for all Wheel Drives

Vladimir Sizov, Senior Engineer, **Avtovaz**

COFFEE BREAK

15:30 – 16:00

Session 4

16:00 – 17:30

Heavy-Duty Lubricants for Mobile Equipment

Dr. Raushan Telyashev, Deputy Director General on Science and Technologies, **LLK-International**

- Ship's Oils Production Development in LLK-International

Luca Di Stefano, OEM Liaison Manager (Research & Development – Testing Department), **FL Selenia**

- Diesel Particulate Filter Regeneration Strategy and its Influence on Engine Oil Characteristics

Dr. Tibor Leimeter, Head of the Department of Chemistry and Technology of Fuels and Lubricating Oils and Chemmotology, **Gubkin State Oil&Gas University**

- Engine Oils Efficiency Criteria: Selection & Basis

Dr. Sergey Volgin, Deputy Chief, **25 State R&D Institute at the Ministry of Defense of Russia**

- Prospects of Lubricants Supply to the Armed Forces of the Russian Federation

RECEPTION FOR CONFERENCE PARTICIPANTS
SPONSORED BY LLK-INTERNATIONAL
Renaissance Moscow Hotel (Olympiisky pr-t, 18/1)

DAY 2

Session 5

9:30 – 11:00

Non-automotive and Industrial Lubricants

Dr. Albert Vainshtein, Head of Fuels & Oils Laboratory, **All-Russian Termal Engineering Institute**

- Turbine oils: What does energy industry in Russia really need?

Dr. Manfred Jungk, Research and Development Lubricants, **Dow Corning**

- Solid Lubricants as Problem Solver for Industrial Applications

Dr. Franz Novotny-Farkas, Head of Lubricant Research and Development, **OMV AG**

- Optimization of the Engine Oil Composition for the Stationary Gas Engines operating with biogas fuels

Dr. Thomas Schimmel, Innovation Manager, **Evonik RohMax Additives GmbH**

- Role of Viscosity Index Improvers in Fuel Efficient Lubricants

Dr. Oleg Lebedev, Leading Specialist, Aircraft Lubricants Certification Center, **State R&D Institute of Civil Aviation of the Russian Federation**

- Aviation and hydraulic oils for the Civil Aviation in Russia

COFFEE BREAK

11:00 – 11:30

Session 6

11:30 – 13:00

Specific Lubricants Solutions I

Andrew Swallow, Technical Support Manager Central & East Europe, **Croda**

- High Performance Biodegradable Ester Lubricants from Sustainable and Non-Sustainable Feedstocks

Sandy Reid-Peters, Synthetics EMEAF Performance Product specialist, **ExxonMobil Chemical**

- Polyalphaolefins: High-performance base fluids for lubricants

Andrey Yasnovsky, Technical Director, **TOTAL Lubrifiants Russia and CIS**

- Lubricants on the base of calcium complex sulfonate with modified thickener structure

Dr. Luis Bastardo-Zambrano, Technical Market Support, **Nynas Naphthenics AB**

- Use of Super Heavy Naphthenics in Lubricant Formulations

LUNCH

13:00 – 14:00

Session 7

14:00 – 15:30

Specific Lubricants Solutions II

Prof. Alexander Medzhibovsky, Head of the Group Executive Board, (PhD), **Qualitet**

- Creation of stable nanosystems – one of the ways for enhancing the lubricating oil quality

Eric Nehls, Area Manager Process & Lubricant Additives, **Ciba Specialty Chemicals**

- Additives for Food Grade Lubricants

Dr. Tono Nasch, Managing Director, **I.S.P.**

- Online Wear Measurements by means of Radiotracer Technique

Patrice Estouieg, Automotive Market Manager, **Chevron Oronite SA**

- Diesel Engines Showing Excellent Performance and Durability with Reduced TBN lubricants and Low Sulfur Fuel

David Lancaster, Business Manager - Regional Growth, **Lubrizol**

- The Right Oil for the Right Application

COFFEE BREAK

15:30 – 16:00

Session 8

16:00 – 17:30

Specific Lubricants Solutions III

Aleksandra Anikina, Commercial Director, **Zavod Tarnikh Izdely**

- Package Costs Management

Dr. Victor Bakunin, Trade and Technical representative, **Chemtura Corp.**

- Bench Screening of Novel Anti-Wear Alternatives to ZDDP

RECEPTION FOR CONFERENCE PARTICIPANTS
SPONSORED BY ROHMAX ADDITIVES
CDL Restaurant (50, Povarskaya Str.)
